

2020 ANNUAL SURVEY IS NOW OPEN

COMPLETE BY DEADLINES BELOW TO RECEIVE YOUR CUSTOMIZED REPORT

We have worked to create a streamlined process for collecting data for our annual survey focused on the most relevant information for today’s practices. This FAQ document will outline what is available to assist you in this process and who to contact if you have questions. The results provided to your practice will include critical financial and operational information as you work to improve your practice.

Important: To receive your complete report prior to the Spring conference in April, you must submit your data for all three sections below by the stated deadlines. Don’t miss out on this exclusive and valuable MedAxiom membership benefit!

- Q** Do we include the advanced practice providers on this report for an accurate account of the practice?
- A** YES
- Q** Are CPT codes by date of service or date of entry post?
- A** Date of entry post
- Q** Do we include modifiers?
- A** Yes, please include ALL modifiers. Please add additional columns to worksheet as needed.

- Q** Who do you consider a provider?
- A** Physicians, APPs and visiting/contracting physicians.
- Q** Should provider FTEs include only providers that were part of the practice for the entire year?
- A** Include the actual time the provider has spent in your practice in 2019. So, if a provider came in halfway through the year, then worked full time, at the end of the year, he or she would be counted as a .5 FTE. You should also include providers who were hired or retired part way through the year, as well as visiting/contracting physicians.

- Q** For FTE counts, do we list the actual or budgeted FTEs?
- A** Actual
- Q** Do you count staff FTE by 440 half days as well?
- A** Physicians are designated using a practice assigned FTE value as well as the number of half days worked per year. APPs are designated using a practice assigned FTE value. The remainder of the staff FTEs are counted by 2080 paid hours per year = 1.0 FTE.
- Q** Where are the entries for outsourced FTEs?
- A** We are no longer collecting or graphing outsourced FTEs— only total cost. Thank You! As always, we appreciate your contribution to the data set so that you can return optimal performance metrics to your leadership team.
