

# Online Heart Learning Center Customized Patient Education Platforms

## FREE Development Program Partnership Opportunity

**RecoverRite®** has recently launched customized Online Heart Learning Center platforms to change the face of patient education. To acquire data on usage and patient experience, we are inviting a select number of hospitals or practices to become strategic “Development Program Partners.” These partners will demo our online cardiovascular education programs at no cost and provide feedback to the **RecoverRite®** team. Demo partnership programs include:

- FREE UNLIMITED 4-month use of **ONE** Online Learning Platform (*value of \$4,800*):
  - CV Surgery (pre- and post-op patient education)
  - Structural Heart (TAVR, MitraClip, WATCHMAN FLX)
  - Heart Failure
  - Heart Attack/Angioplasty & Stent
  - Diabetes Education
  - LVAD
- All set up fees waived (*value of \$2,500*)
- All platforms customized with your hospital/practice logo and content
- Choose up to 50 videos from our cardiovascular library
- Patient use data sent monthly for your evaluation
- Patient feedback questionnaire included
