

EMPOWERING YOUR DEVICE CLINIC

WE ARE AN EXTENSION OF YOU

HCA Healthcare has officially signed with Geneva Health Solutions! We are already empowering these HCA partner sites with our platform and service:

- HCA Cardiology Clinic of San Antonio **LIVE** • 5K DEVICES
- HCA Midwest Heart & Vascular Specialists/Kansas **LIVE** • 4K DEVICES
- HCA Texas Cardiovascular Specialists/Denton **LIVE** • 1K DEVICES
- HCA Heart & Vascular Specialists of North Texas/Arlington **LIVE** • 250 DEVICES
- HCA HeartCare Specialists/North Richland Hills **LIVE** • 83 DEVICES
- HCA Greenville Cardiovascular Associates **LIVE** • 91 DEVICES
- HCA Corpus Christi Heart Clinic **ON-BOARDING**
- HCA Louisiana Heart Rhythm Institute **ON-BOARDING**

See the backside on how we are providing value every day with these sites, and ask about our HCA-approved enterprise eClinical integration.

We recently implemented Geneva in our device clinic and have been very pleased with the improvements. They have been great at ensuring and capturing patients' transmissions and are very meticulous with record keeping. The clinical staff have proven to be very knowledgeable and quickly notify us of any problems. Their help during the COVID-19 crisis has been particularly helpful. We use it as a key component during our telemedicine visits.

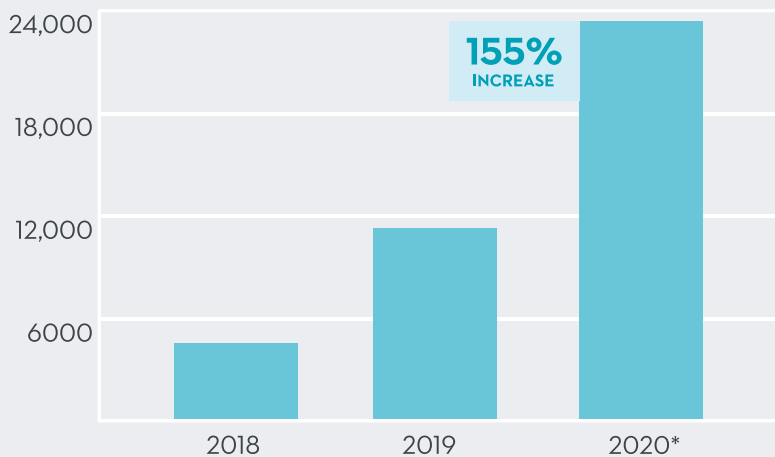

DAVID PEDERSON, MD | CARDIOLOGY CLINIC OF SAN ANTONIO

REPORTING STATISTICS

2/3 of the reports assigned daily within Geneva do not require clinic staff triage reducing overall workflow burden by **65%**
